USB 2.0 to Serial ATA (SATA) and IDE Adapter for 2.5in / 3.5in / 5.25in Hard Drives

MODEL NUMBER: **U238-000-1**

Ideal for home or business applications that require individual or simultaneous connection to either a Serial ATA or IDE drive to format hard drives, salvage data off old drives or add more external storage.

Description
Tripp Lite's USB 2.0 to SATA / IDE Adapter allows individual or simultaneous connection to either a Serial ATA or IDE drive (2.5" / 3.5" / 5.25"). You can also transfer data between a SATA and an IDE drive over the adapter. It provides a convenient, efficient way to format hard drives or transfer files without having to install them first. With the U238-000-1, any SATA or IDE drive can be conveniently turned into an external USB 2.0 storage drive. J-Micron software is included to allow you to quickly backup and restore files. The backup button on the unit allows for quick backup of your files with the press of a button. J-Micron is compatible with Windows OS up to 10. The U238-000-1 is compatible with Windows, Mac, and Linux.

Features
- USB 2.0 and SATA 1.0a Compliant
- Operates with one IDE and one SATA drive simultaneously
- Supports Plug-n-Play
- USB Mass Storage Class Bulk-Only Transport specification
